

Enhancement of Creative and performing Arts under RMSA (Rashtriya Madhyamik Shiksha Abhiyan)

All round development is one of the important aims of education. It is essential that along with enhancement of academic knowledge other aspect of personality (e.g. Music, Dance Sculpture etc.) should also be developed during the time spent in school. Dance, theatre and sculpture students schooling. Music and Dance are a part of our culture. There has been no specific place for understanding and mastering the same in our school education system. It is essential that exposure to the best tradition in Music and dance be given to our students who are getting exposed only to versions available through TV shows. Although academic education is given to students by our hon'ble teachers but it is need of the hour that steps should be taken to educate them on live performances in vocal and instrumental music etc.

So to develop the skill of students and to expose children to selected art forms of Music, Theatre, dance, Sculpture and clay modeling a group of educational professionals have been engaged under RMSA. These professionals are generating interest among the students for visual and performing arts and are helping them to identify their interest and talent.
